

BUNKAPS®
Patented Bunk Covers

The New WAVE

In Trailer Bunk Technology.

Bunkaps® on your trailer provide the best alternative to those ragged, soggy carpet bunk covers. Our revolutionary new products are designed to protect the hull of your boat or personal watercraft. Made from custom-extruded, easy-glide vinyl, Bunkaps® fit right on your trailer bunks and offers a simple and cost effective way to protect your hull and extend the life of your bunk cores.

Be a Part of the New Trend in Marine Trailer Accessories!

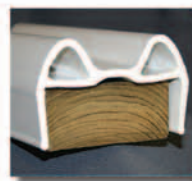

- Eliminates the Need for Carpet or Roller Replacement While Maintaining Your Trailer's Sharp Look
- Channels Water Away from Wooden Bunk Cores Extending Bunk Life by Stopping Rot
- Ruggedly Constructed from Non-Marking Flexible Vinyl to Prevent Hull Scratching
- Adds a Cushion-Of-Air for Maximum Hull Protection During Towing and Loading
- Employs 100% Concentrations of Mildew and UV Resistant Additives
- Easy & Very Quick to Install with our Stainless Steel Side Screws— Conveniently Placed to Avoid Hull Damage
- Easily Spliced End-to-End on Your Longer Length Bunks
- 10 Year Limited Manufacturers Warranty
