Dry Rack, Boat Lift, Boat Trailer Bunk Covers In Pure Vinyl — Get Maximum Hull Protection with BUNKAPS® Without Any Weight Restrictions!

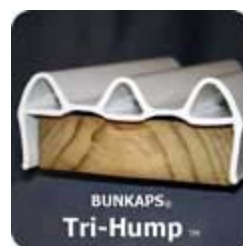

Finally, there's a more permanent alternative to those ragged, soggy bunk carpet covers or rusty seized-up roller beds on your Dry Rack, Boat Trailer Bunks, Boatlift or Boat Dock! BUNKAPS® are a Revolutionary, Patented and Trademarked product designed to protect the hull of your boat or personal watercraft during storage and cushion its ride during towing with our exclusive air pockets.

These custom-extruded, easy-glide vinyl bunk covers fit right atop your wooden or metal bunks and offer a simple and cost-effective way to protect the hull. BUNKAPS® also extend the life of your wooden bunks with their quick-drying properties. **Uni-Hump (1.5")**, **Bi-Hump (3.5")** and **Tri-Hump (5.5")** models are available.

[Order your BUNKAPS® today](#) — and never replace the carpet or rollers on your rack, trailer, lift or dock again! [Click here or on icons at left.](#)

Standard lengths are five, six and eight foot pairs. BUNKAPS® are easily spliced for longer lengths! Special lengths are available in large quantities — call our factory at 1-812-867-8882.

Ten Year Limited Warranty!

Uni-Humps at Correct Craft

Bi-Humps on Dry Racks

Tri-Humps on Boat Lift

Do it yourself or ask your local boat and boat-lift dealer to install BUNKAPS® on your new or used boat trailer, lift or dock... ASK FOR THEM BY NAME!
